Dear Lori,

Reference is made to the attached Ordinance #9 of 2024, which was passed by a majority (4-2) vote of the Common Council on November 14, 2024. Upon review and consideration, I concur with the Council minority. I hereby disapprove and veto the act.

The Board of Managers 2024 Annual Estimate, presented to the Council, was the result of painstaking efforts of the City Comptroller over the past 10 months, with significant input from department heads as well as this writer. Accordingly, the BOM 2024 Estimate was the Administration's preferable budget document.

It would be helpful, going forward, if changes to BOM Estimates were negotiated between the Council Finance Committee and the Administration before being presented to the full Common Council for approval.

Respectfully submitted,

William T. Keeler
