DEPARTMENT OF STATE

Local Law No. 5 of the year 2018

A local law _____ amend regulations for parking permits for construction vehicles _____
(Insert Title)

Be it enacted by the Board of Trustees of the
(Name of Legislative Body)

County
City of Cooperstown as follows:
Town
Village

On Street Parking of Commercial Vehicles

A. The following regulations apply to a permit for on-street parking of construction vehicles in the Village of Cooperstown so that the vehicle is not subject to time limits or paid parking fees when in force.

B. A parking permit for construction vehicles is hereby established in accordance with the following regulations:

(1) A construction vehicle, for the purpose of this section, is a vehicle, trailer or lift that is required at a job site for the purpose of delivering or storing materials, tools or equipment required at that job site. Vehicles that are primarily used for worker commuting to a job site are not considered construction vehicles for the purpose of this section and are subject to all village parking laws, whether or not they display a permit.

(2) Application for a construction vehicle permit will include the name of the contracting company, (vehicle owner(s), the name and cell phone number of the individual who will be responsible for the vehicle at the job site, and the license plate number(s) of the vehicle(s), trailer(s) or lift(s). For rented lifts, the license plate or identifying number may be advised by phone.

(3) Each vehicle will display a construction vehicle permit on the driver's side dashboard of the vehicle or attached to any trailer or construction equipment.

(4) There will be registration fee of \$25 per vehicle, trailer or construction equipment. No fee will be charged for rented lifts.

(5) A construction vehicle permit will be valid for a period of three years from date of issue.

(6) Permits are available for purchase on weekdays during normal business hours. In addition, the Village Clerk may schedule occasional evening hours and weekend hours for the sale of permits with the approval of the Board of Trustees.

(7) The parking permit for construction vehicles is valid only for the specific vehicle for which it is issued except that permits may be transferrable between vehicles owned by the same company or by partners in an LLC, provided identifying information is submitted for all vehicles.

(8) Permit holders must contact the Cooperstown Police Department at 607-547-2500 and leave a message with it prior to using on-street parking when they will exceed the posted time limit or when they will be parking in a paid parking area. The message must include the address where work is being performed and the number of hours or days that the vehicle or vehicles will be at that job site, and the license plate number of the vehicle, trailer or lift. Extensions of time at a job site shall be advised to the Police Department in person or by phone.

(9) Cones may only be used for safety reasons or to preserve a parking space at a job site.

(10) Any construction vehicle parking in a paid parking space, when paid parking is in force, shall also be required to have a downtown paid parking permit (fee of \$25).

C. Violations of the provisions of this section are subject to a fine of \$75 for a first offense and a one-year (calendar-year) suspension of the construction vehicle parking permit for the vehicle for a second offense. Violations shall include:

(1) Giving false information about the location and/or duration of work.

(2) Displaying a construction parking permit at any location that has not been notified to the police as a job site.
