BOARD OF TRUSTEES**

LOCAL LAW NO. 9 OF 2020

**A LOCAL LAW TO CREATE CHAPTER 158 OF THE CODE OF THE VILLAGE OF
CROTON-ON-HUDSON REQUIRING THE USE OF FACE MASKS AND FACE
COVERINGS TO PREVENT THE SPREAD OF INFECTIOUS DISEASES**

Be it enacted by the Board of Trustees of the Village of Croton-on-Hudson as follows:

Section One. Chapter 158 of the Code of the Village of Croton-on-Hudson entitled “Masks and Face Coverings” is hereby created as follows:

Chapter 158. Masks and Face Coverings.

§ 158-1 Findings and purpose.

- A. In February 2020, the Center for Diseases Control and Prevention ("CDC") confirmed the first case in the United States of a new respiratory disease called the novel coronavirus (COVID-19). COVID-19 is caused by a virus (SARS-CoV-2) that is part of a large family of viruses called coronaviruses. COVID-19 spread rapidly in population centers in New York, including those within the County of Westchester. COVID-19 poses serious health risks to persons infected with the disease, particularly those with underlying medical conditions and the elderly. The spread of COVID-19 has caused economic hardship for many of the Village's residents and business owners and has significantly impacted the Village's ability to provide services to its constituents. It is therefore essential that the spread of the virus be slowed to safeguard public health, safety and welfare.
- B. The virus that causes COVID-19 is readily transmitted via respiratory droplet contact, especially in group settings. Droplet transmission can be reduced with the use of personal protective barriers, such as face masks. The CDC and other public health agencies have uniformly recommended that the general public wear cloth face coverings and that individuals not residing within the same household maintain at least six feet of social distance from one another to prevent the spread of COVID-19 by droplet transmission.
- C. On April 15, 2020, Governor Cuomo issued Executive Order 202.17 requiring any individual who is over the age of two and able to medically tolerate a face-covering to cover their nose and mouth with a mask or cloth face-covering when in a public place and unable to maintain, or when not maintaining social distance. However, the State has not established penalties for the violation of Executive Order 202.17.

- D. On May 28, 2020, the Governor issued Executive Order 202.34 which authorized business operators and building owners to deny admittance to individuals who fail to comply with the Governor's face mask mandate set forth in Executive Order 202.17 or to require or remove individuals from the premises if such individual fails to wear as face mask as required. Nothing in Executive Order 202.34 or any other Executive Order prohibits or limits the right of State and local enforcement authorities from imposing fines or other penalties for any violation of the directive in Executive Order 202.17.
- E. The New York State Department of Health has issued Industry Guidance During the COVID-19 public health emergency for a variety of activities, industries and businesses which sets forth physical distancing requirements to minimize the spread of droplets and airborne contaminants, including generally mandating a distance of six feet between individuals and when not able to do so, the wearing of acceptable face covering.
- F. The Governor has issued multiple Executive Orders limiting the gatherings of individuals, whether it is on public or private property. On June 15, 2020, the Governor issued Executive Order 202.45, which modified prior Executive Orders to "allow gatherings of fifty (50) or fewer individuals for any lawful purpose or reason, so long as any such gatherings occurring indoors do not exceed 50% of the maximum occupancy for a particular indoor area, and provided that the location of the gathering is in a region that has reached Phase 4 of the State's reopening, and provided further that social distancing, face covering, and cleaning and disinfection protocols required by the Department of Health are adhered to." Thus, gatherings that do not exceed the Governor's limitations may occur so long as appropriate social distancing and face covering requirements are adhered to.
- G. Governor Cuomo has repeatedly stated that local governments have a responsibility to enforce social distancing, mask-wearing requirements and business closures and limitations. The Governor has warned local governments across New York State that if local officials do not enforce compliance with COVID-19 public health orders, areas will be closed again. The Governor has stated that he will reverse openings in areas that are not complying with the rules and in those areas where local governments are not enforcing the law.
- H. While voluntary compliance with the aforementioned health and safety precautions on public and private property is preferred, the Village has determined that the grave health risks and economic impacts associated with COVID-19 require enforcement mechanisms to protect the public health, safety and welfare of Village residents. This local law therefore establishes mandatory requirements regarding the use of face masks and face coverings on private and public property in the Village of Croton-on-Hudson as well as penalties for any violation of the requirements of this chapter.
