

## Resolution No. 2021-13

### Fixing the Rate for Sewer Rentals or Charges for 2022

Whereas, Chapter 18, of the Code of Ordinances of the Borough of Hummelstown, (Sewers and Sewage Disposal) Part 1, (Rules and Regulations for Sewer System) Section B, (Imposition and Collection of Sewer Rentals or Charges) Subsection 125, (Rates Subject to Change) provides for Sewer Rentals or Charges to be subject to change from time to time by action of Council through Resolution; and

Whereas, the 2022 Budget for the Sewer Revenue Fund requires sewer rental rates or charges to be increased from their current rate of \$112/quarter and \$5.90/thousand gallons over 10,000 to \$117/quarter and \$5.90/thousand gallons over 10,000 gallons due to increases in operating costs;

Now therefore be it Resolved and it is Hereby Resolved that the Sewer Rental Rates for the period January 1, 2022 through December 31, 2022 be as follows;

A. Each dwelling unit with a separate water meter shall be billed a flat rate of one hundred seventeen dollars (\$117.00) per quarter plus billing for water consumption in excess of ten thousand gallons (10,000) per quarter;

B. No additional bill shall be charged for water consumption for the first ten thousand (10,000) gallons per quarter. Gallonage consumption in excess of ten thousand (10,000) shall be charged at the rate of five dollars and ninety cents (\$5.90) per thousand gallons in excess of ten thousand (10,000) gallons;

C. Each billing unit located in a multiple unit shall be billed as a separate entity and the foregoing sewer rentals or charges, as appropriate, shall be used in computing the sewer rentals or charges applicable to each such billing unit as though such billing unit was in a separate structure and had a direct and separate connection to the sewer system.

Adopted this 16th day of December, 2021
