**IMPORTANT INFORMATION ABOUT THIS MAP:**  
 The Summary Draft Map for the Town of Indian Head Critical Area shows the proposed Critical Area designations. This map is the Summary Draft Map for the jurisdiction, and is currently being reviewed in preparation for formal adoption by the local government. This map is not intended for official use at this time because it has not been approved by the governing body in the Town or by the Critical Area Commission.

The aerial photography is from 2011 Maryland State Highway Administration contract. All imagery for the project was captured as a mosaic of 10m strips of 4000 AEC, with a minimum 20% overlap to achieve a 6" ortho-product. The imagery was processed to meet or exceed NIMA standards for 1" = 100' map products. Supplemental data and imagery used to create the Critical Area Boundary were also produced at a scale of 1:1200 or 1" = 100'.
