Text of law should be given as amended. Do not include matter being eliminated and do not use italics or underlining to indicate new matter.

County City Town Village	
of Poughkeepsie	
	· ·
Local Law No. 1	of the year 20 24
A local law Amending Town Code §210, "Zoning"	, to include amendments related to Animal Services
(Insert Title)	
e	
Be it enacted by the Town Board	of the
(Name of Legislative Body)	
County City Town Village	
of Poughkeepsie	as follows:

BE IT ENACTED, that the Town Board of the Town of Poughkeepsie, pursuant to a duly noticed public hearing held on February 7, 2024 and February 21, 2024 at 7:00 p.m. at the Town Hall, Town of Poughkeepsie, One Overocker Road, Poughkeepsie, New York, does hereby adopt the attached local law amending Town Code §210, "Zoning", to include amendments related to Animal Services; and

BE IT FURTHER ENACTED, that the local law amendments are annexed hereto as Exhibit A and incorporated herein as if recited verbatim, and the Town Board does direct that said amendments be spread across the record as if they, in fact, had been read verbatim; and

(If additional space is needed, attach pages the same size as this sheet, and number each.)

BE IT FURTHER ENACTED, that the Town Board has previously declared its intent to act as Lead Agency under the New York State Environmental Quality Review Act and does declare said action to be a Type I Action under the New York State Environmental Quality Review Act (SEQRA); and

BE IT FURTHER ENACTED, that the Town Board has reviewed the Long Environmental Assessment Form (EAF) prepared by the Director of Municipal Development and hereby determines that: 1) the adoption of the herein zoning amendment would not have a significant adverse effect on the environment and; 2) the Supervisor is authorized to execute Parts 2 and 3 of the UAF as drafted and; 3) a draft environmental impact statement will not be required for the reasons set forth in the attached Determination of No Significance and; 4) a Negative Declaration is hereby issued; and

BE IT FURTHER ENACTED, that a written recommendation was received from the Dutchess County Department of Planning and Economic Development dated January 12, 2024 stating that the proposed amendment was a matter of local concern; and

BE IT FURTHER ENACTED, that a written recommendation dated February 16, 2024 was received from the Town of Poughkeepsie Planning Board in which said Board recommended adoption of the herein amendments; and

BE IT FURTHER ENACTED, that the Legal Notice of Public Hearing was posted on January 18, 2024 and published in the Poughkeepsie Journal on January 24, 2024; and

BE IT FURTHER ENACTED, that the Town Clerk notified the Clerks of the surrounding municipalities of the public hearing pursuant to GML 239-nn; and

BE IT FURTHER ENACTED, and that said local law shall take effect immediately upon filing with the Secretary of State.

Text of law should be given as amended. Do not include matter being eliminated and do not use italics or underlining to indicate new matter.

TOWN OF POUGHKEEPSIE

LOCAL LAW NO. __ (PROPOSED) OF THE YEAR 2023

A LOCAL LAW TO AMEND CHAPTER 210 OF THE CODE OF THE TOWN OF POUGHKEEPSIE ENTITLED "ZONING" TO PERMIT KENNELS IN THE SHOPPING CENTER BUSINESS DISTRICT AND TO REVISE THE REQUIREMENTS FOR KENNELS IN THE HIGHWAY BUSINESS DISTRICT

BE IT ENACTED by the Town Board of the Town of Poughkeepsie as follows:

SECTION 1. LEGISLATIVE INTENT

This local law amends the Town of Poughkeepsie Zoning Law to permit kennels in the Shopping Center Business (B-SC) District and to revise the requirements for kennels in the Highway Business (B-H) District. The regulations are designed to protect the health, safety, and welfare of Town residents and to bring the Town's Zoning Law into conformance with "Greenway Connections: Greenway Compact Program and Guides for Dutchess County Communities" pursuant to Chapter 18 of the Town Code. The proposed regulations are consistent with the recommendations of the Town's 2021 *Comprehensive Plan*.

SECTION 2. APPLICATION

This local law shall apply within the Shopping Center Business (B-SC) and Highway Business (B-H) Districts in the Town of Poughkeepsie.

SECTION 3. SEVERABILITY

The invalidity of any word, section, clause, paragraph, sentence, part, or provision of this Local Law shall not affect the validity of any other part of this Local Law which can be given effect without such part or parts.

SECTION 4. AMENDMENTS TO ARTICLE VI OF THE ZONING LAW ENTITLED "BUSINESS AND COMMERCIAL DISTRICT REGULATIONS"

§ 4.1. Section 210-36C of the Code is hereby amended by adding the following new special permitted use to the existing list alphabetically as subsection (4), and the remaining existing subsections shall be renumbered sequentially.

(4) *Kennel, subject to § 210-52.

11.29.2023 DRAFT

SECTION 5. AMENDMENTS TO ARTICLE VIII OF THE ZONING LAW ENTITLED "SUPPLEMENTARY REGULATIONS"

§ 5.1. The existing § 210-52 entitled "Animal services" is hereby amended by adding the following new subsection D(2).

(2) In the B-SC District and the B-H District, a kennel shall be permitted only in a stand-alone building that is either a single-use building dedicated to the kennel, or one that contains only other animal services uses.

SECTION 6. EFFECTIVE DATE

「「「「「「」」」

22.44

10.

17

This local law shall take effect immediately after it is filed with the Secretary of State as provided in section twenty-seven of the Municipal Home Rule Law.

MEMORANDUM

- TO: Rebecca Edwards, Town Supervisor Town Board Members James Nelson, Esq., Town Attorney
- FROM: Carl H. Whitehead, Planning Board Chairman Planning Board Members

DATE: February 16, 2024

RE: TOWN CODE AMENDMENT – ANIMAL SERVICES

On December 20, 2023 the Town Board adopted Resolution 12:20 - #16 of 2023 which, among other things, referred a proposed local law regarding animal services to the Planning Board for an advisory recommendation pursuant to §210-154.

This is to inform you of the action taken by the Town of Poughkeepsie Planning Board at a meeting held on February 15, 2024 regarding the amendment of Chapter 210, entitled "Zoning", to revise certain provisions related to animal services in the Town. In particular, the amendment would permit kennels in the Shopping Center Business District and revise the requirements for kennels in the Highway Business District. The change was prompted by a proposal submitted to the Town Board by "Central Bark", a local business that seeks to establish a dog daycare facility in an empty, standalone building at the Plaza 44 on Burnett Boulevard. If the local law is adopted, the business would then be able to submit an application for a Special Use Permit and Site Plan Review to the Planning Board.

A motion was made that the Planning Board convey a positive recommendation to the Town Board regarding adoption of the proposed local law.

Full Environmental Assessment Form Part 1 - Project and Setting

Instructions for Completing Part 1

Part 1 is to be completed by the applicant or project sponsor. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification.

Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information; indicate whether missing information does not exist, or is not reasonably available to the sponsor; and, when possible, generally describe work or studies which would be necessary to update or fully develop that information.

Applicants/sponsors must complete all items in Sections A & B. In Sections C, D & E, most items contain an initial question that must be answered either "Yes" or "No". If the answer to the initial question is "Yes", complete the sub-questions that follow. If the answer to the initial question is "No", proceed to the next question. Section F allows the project sponsor to identify and attach any additional information. Section G requires the name and signature of the applicant or project sponsor to verify that the information contained in Part 1 is accurate and complete.

A. Project and Applicant/Sponsor Information.

•

<i>ii.</i> Describe how the proposed action would affect that waterbody or wetland, e.g. excavation, fill, placemen alteration of channels, banks and shorelines. Indicate extent of activities, alterations and additions in squa	nt of structures, or are feet or acres:
<i>ii.</i> Will the proposed action cause or result in disturbance to bottom sediments? If Yes, describe:	☐Yes ☐No
iv. Will the proposed action cause or result in the destruction or removal of aquatic vegetation?	☐ Yes ☐ No
If Yes:	
acres of aquatic vegetation proposed to be removed:	
expected acreage of aquatic vegetation remaining after project completion:	
purpose of proposed removal (e.g. beach clearing, invasive species control, boat access):	
• proposed method of plant removal:	
 if chemical/herbicide treatment will be used, specify product(s): 	
v. Describe any proposed reclamation/mitigation following disturbance:	
Will the second extinuing an exact a new demond for water?	Yes No
Will the proposed action use, or create a new demand for water? Yes:	
<i>i</i> . Total anticipated water usage/demand per day: gallons/day	
ii. Will the proposed action obtain water from an existing public water supply?	□Yes □No
Yes:	
Name of district or service area:	
 Does the existing public water supply have capacity to serve the proposal? 	☐ Yes ☐ No
• Is the project site in the existing district?	☐ Yes ☐ No
 Is expansion of the district needed? 	☐ Yes ☐ No
 Do existing lines serve the project site? 	□ Yes□ No
ii. Will line extension within an existing district be necessary to supply the project?	□Yes □No
Yes: Describe extensions or capacity expansions proposed to serve this project:	
• Source(s) of supply for the district:	
<i>iv.</i> Is a new water supply district or service area proposed to be formed to serve the project site?	☐ Yes ☐No
, Yes:	
Applicant/sponsor for new district:	
Date application submitted or anticipated:	
Proposed source(s) of supply for new district:	
v. If a public water supply will not be used, describe plans to provide water supply for the project:	
i. If water supply will be from wells (public or private), what is the maximum pumping capacity:g	gallons/minute.
Will the proposed action generate liquid wastes?	Yes No
Yes:	
Total anticipated liquid waste generation per day:	
7 Nature of liquid wastes to be generated (e.g., sanitary wastewater, industrial; if combination, describe all	components and
approximate volumes or proportions of each):	
Will the proposed action use any existing public wastewater treatment facilities? If Yes:	□ Yes □No
Name of wastewater treatment plant to be used:	
Name of district:	
 Does the existing wastewater treatment plant have capacity to serve the project? 	□ Yes □No
 Is the project site in the existing district? 	Yes No

.

 Do existing sewer lines serve the project site? 	
	Yes No
• Will a line extension within an existing district be necessary to serve the project?	□Yes □No
If Yes:	
Describe extensions or capacity expansions proposed to serve this project:	
The second second district he formed to approximate its?	
. Will a new wastewater (sewage) treatment district be formed to serve the project site?	□Yes□No
Applicant/sponsor for new district:	
Applicant/sponsor for new district: Date application submitted or anticipated:	
What is the receiving water for the wastewater discharge?	
If public facilities will not be used, describe plans to provide wastewater treatment for the project, including sp	pecifying proposed
receiving water (name and classification if surface discharge or describe subsurface disposal plans):	
. Describe any plans or designs to capture, recycle or reuse liquid waste:	
· · · · · · · · · · · · · · · · · · ·	
Will the proposed action disturb more than one acre and create stormwater runoff, either from new point	Yes No
sources (i.e. ditches, pipes, swales, curbs, gutters or other concentrated flows of stormwater) or non-point	
source (i.e. sheet flow) during construction or post construction?	
Yes:	
How much impervious surface will the project create in relation to total size of project parcel?	
Square feet or acres (impervious surface)	
Square feet or acres (parcel size)	
Describe types of new point sources.	
. Where will the stormwater runoff be directed (i.e. on-site stormwater management facility/structures, adjacen	t properties
groundwater, on-site surface water or off-site surface waters)?	a properties,
groundwater, on-site surface water of on-site surface waters)?	
If to surface waters, identify receiving water bodies or wetlands:	
Will stormwater runoff flow to adjacent properties?	
Will stormwater runoff flow to adjacent properties? Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate	□Yes No
Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate	□Yes□No r? □Yes□No
Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel	□Yes No
Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations?	□Yes□No r? □Yes□No
Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? Yes, identify:	□Yes□No r? □Yes□No
Does the proposed plan minimize impervious surfaces, use pervious materials or collect and re-use stormwate Does the proposed action include, or will it use on-site, one or more sources of air emissions, including fuel combustion, waste incineration, or other processes or operations? iii. Brief description of attributes on which listing is based:	
f. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?	∐Yes <u>No</u>
 g. Have additional archaeological or historic site(s) or resources been identified on the project site? If Yes: i. Describe possible resource(s): ii. Basis for identification: 	Yes No
 h. Is the project site within fives miles of any officially designated and publicly accessible federal, state, or local scenic or aesthetic resource? If Yes: i. Identify resource: 	□Yes □No
 ii. Nature of, or basis for, designation (e.g., established highway overlook, state or local park, state historic trail or etc.): iii. Distance between project and resource: miles. 	scenic byway,
iii. Distance between project and resource: miles.	
 i. Is the project site located within a designated river corridor under the Wild, Scenic and Recreational Rivers Program 6 NYCRR 666? If Yes: i. Identify the name of the river and its designation: 	☐ Yes No
<i>ii.</i> Is the activity consistent with development restrictions contained in 6NYCRR Part 666?	Yes No

F. Additional Information

Attach any additional information which may be needed to clarify your project.

If you have identified any adverse impacts which could be associated with your proposal, please describe those impacts plus any measures which you propose to avoid or minimize them.

G. Verification

PRINT FORM

Full Environmental Assessment Form Part 2 - Identification of Potential Project Impacts

Agency Use Only [If applicable]

Project : Animal Services Local Law Date : February 21, 2024

Part 2 is to be completed by the lead agency. Part 2 is designed to help the lead agency inventory all potential resources that could be affected by a proposed project or action. We recognize that the lead agency's reviewer(s) will not necessarily be environmental professionals. So, the questions are designed to walk a reviewer through the assessment process by providing a series of questions that can be answered using the information found in Part 1. To further assist the lead agency in completing Part 2, the form identifies the most relevant questions in Part 1 that will provide the information needed to answer the Part 2 question. When Part 2 is completed, the lead agency will have identified the relevant environmental areas that may be impacted by the proposed activity.

If the lead agency is a state agency and the action is in any Coastal Area, complete the Coastal Assessment Form before proceeding with this assessment.

Tips for completing Part 2:

「「「「「「「「」」」

- Review all of the information provided in Part 1.
- Review any application, maps, supporting materials and the Full EAF Workbook.
- Answer each of the 18 questions in Part 2.
- If you answer "Yes" to a numbered question, please complete all the questions that follow in that section.
- If you answer "No" to a numbered question, move on to the next numbered question.
- Check appropriate column to indicate the anticipated size of the impact.
- Proposed projects that would exceed a numeric threshold contained in a question should result in the reviewing agency checking the box "Moderate to large impact may occur."
- The reviewer is not expected to be an expert in environmental analysis.
- If you are not sure or undecided about the size of an impact, it may help to review the sub-questions for the general question and consult the workbook.
- When answering a question consider all components of the proposed activity, that is, the "whole action".
- Consider the possibility for long-term and cumulative impacts as well as direct impacts.
- Answer the question in a reasonable manner considering the scale and context of the project.

 Impact on Land Proposed action may involve construction on, or physical alteration of, the land surface of the proposed site. (See Part 1. D.1) If "Yes", answer questions a - j. If "No", move on to Section 2. 	NC		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may involve construction on land where depth to water table is less than 3 feet.	E2d		D
b. The proposed action may involve construction on slopes of 15% or greater.	E2f		
c. The proposed action may involve construction on land where bedrock is exposed, or generally within 5 feet of existing ground surface.	E2a		
d. The proposed action may involve the excavation and removal of more than 1,000 tons of natural material.	D2a	D	
e. The proposed action may involve construction that continues for more than one year or in multiple phases.	Dle		
f. The proposed action may result in increased erosion, whether from physical disturbance or vegetation removal (including from treatment by herbicides).	D2e, D2g		
g. The proposed action is, or may be, located within a Coastal Erosion hazard area.	Bli		
h. Other impacts:			

2. Impact on Geological Features The proposed action may result in the modification or destruction of, or inhib access to, any unique or unusual land forms on the site (e.g., cliffs, dunes, minerals, fossils, caves). (See Part 1. E.2.g) If "Yes", answer questions a - c. If "No", move on to Section 3.	it ☑NC		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Identify the specific land form(s) attached:	E2g		
 b. The proposed action may affect or is adjacent to a geological feature listed as a registered National Natural Landmark. Specific feature:	E3c		
c. Other impacts:			
3. Impacts on Surface Water The proposed action may affect one or more wetlands or other surface water bodies (e.g., streams, rivers, ponds or lakes). (See Part 1. D.2, E.2.h) If "Yes", answer questions a - l. If "No", move on to Section 4.	Zno		YES
If it's , unswer gaussions a If it's , more come section	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may create a new water body.	D2b, D1h	D	
b. The proposed action may result in an increase or decrease of over 10% or more than a 10 acre increase or decrease in the surface area of any body of water.	D2b		
c. The proposed action may involve dredging more than 100 cubic yards of material from a wetland or water body.	D2a		
d. The proposed action may involve construction within or adjoining a freshwater or tidal wetland, or in the bed or banks of any other water body.	E2h		
e. The proposed action may create turbidity in a waterbody, either from upland erosion, runoff or by disturbing bottom sediments.	D2a, D2h		
f. The proposed action may include construction of one or more intake(s) for withdrawal of water from surface water.	D2c		
g. The proposed action may include construction of one or more outfall(s) for discharge of wastewater to surface water(s).	Đ2d		
h. The proposed action may cause soil erosion, or otherwise create a source of stormwater discharge that may lead to siltation or other degradation of receiving water bodies.	D2e		2 - 14 - 14 - 14 - 14 - 14 - 14 - 14 - 14
i. The proposed action may affect the water quality of any water bodies within or downstream of the site of the proposed action.	E2h		
 The proposed action may involve the application of pesticides or herbicides in or around any water body. 	D2q, E2h		
k. The proposed action may require the construction of new, or expansion of existing, wastewater treatment facilities.	D1a, D2d		

1. Other impacts:		D

 4. Impact on groundwater The proposed action may result in new or additional use of ground water, or may have the potential to introduce contaminants to ground water or an aquif (See Part 1. D.2.a, D.2.c, D.2.d, D.2.p, D.2.q, D.2.t) If "Yes", answer questions a - h. If "No", move on to Section 5.	er.		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may require new water supply wells, or create additional demand on supplies from existing water supply wells.	D2c		
 b. Water supply demand from the proposed action may exceed safe and sustainable withdrawal capacity rate of the local supply or aquifer. Cite Source: 	D2c		
c. The proposed action may allow or result in residential uses in areas without water and sewer services.	D1a, D2c		D
d. The proposed action may include or require wastewater discharged to groundwater.	D2d, E2l		
e. The proposed action may result in the construction of water supply wells in locations where groundwater is, or is suspected to be, contaminated.	D2c, E1f, E1g, E1h		
f. The proposed action may require the bulk storage of petroleum or chemical products over ground water or an aquifer.	D2p, E21		D
g. The proposed action may involve the commercial application of pesticides within 100 feet of potable drinking water or irrigation sources.	E2h, D2q, E2l, D2c		
h. Other impacts:			
 5. Impact on Flooding The proposed action may result in development on lands subject to flooding. (See Part 1. E.2) If "Yes", answer questions a - g. If "No", move on to Section 6. 	₽и		YES
	Relevant	No, or	Moderate

	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may result in development in a designated floodway.	E2i		
b. The proposed action may result in development within a 100 year floodplain.	E2j		
c. The proposed action may result in development within a 500 year floodplain.	E2k		
d. The proposed action may result in, or require, modification of existing drainage patterns.	D2b, D2e		
e. The proposed action may change flood water flows that contribute to flooding.	D2b, E2i, E2j, E2k		
f. If there is a dam located on the site of the proposed action, is the dam in need of repair, or upgrade?	Ele		

and the second

g. Other impacts: _____

C. Turrente en Alu			
6. Impacts on Air The proposed action may include a state regulated air emission source.			YES
(See Part 1. D.2.f., D.2.h, D.2.g) If "Yes", answer questions a - f. If "No", move on to Section 7.			
If Tes , answer questions a - j. If The , move on to becaut 7.	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
 a. If the proposed action requires federal or state air emission permits, the action may also emit one or more greenhouse gases at or above the following levels: More than 1000 tons/year of carbon dioxide (CO₂) More than 3.5 tons/year of nitrous oxide (N₂O) More than 1000 tons/year of carbon equivalent of perfluorocarbons (PFCs) More than .045 tons/year of sulfur hexafluoride (SF₆) More than 1000 tons/year of carbon dioxide equivalent of hydrochloroflourocarbons (HFCs) emissions vi. 43 tons/year or more of methane 	D2g D2g D2g D2g D2g D2g D2g		
b. The proposed action may generate 10 tons/year or more of any one designated hazardous air pollutant, or 25 tons/year or more of any combination of such hazardous air pollutants.	D2g		
c. The proposed action may require a state air registration, or may produce an emissions rate of total contaminants that may exceed 5 lbs. per hour, or may include a heat source capable of producing more than 10 million BTU's per hour.	D2f, D2g		
d. The proposed action may reach 50% of any of the thresholds in "a" through "c", above.	D2g		
e. The proposed action may result in the combustion or thermal treatment of more than 1 ton of refuse per hour.	D2s		
f. Other impacts:			
 Impact on Plants and Animals The proposed action may result in a loss of flora or fauna. (See Part 1. E.2. 1 If "Yes", answer questions a - j. If "No", move on to Section 8. 	mq.)	NO	□ YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may cause reduction in population or loss of individuals of any threatened or endangered species, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	1120 1111		
b. The proposed action may result in a reduction or degradation of any habitat used by any rare, threatened or endangered species, as listed by New York State or the federal government.	E20		
c. The proposed action may cause reduction in population, or loss of individuals, of any species of special concern or conservation need, as listed by New York State or the Federal government, that use the site, or are found on, over, or near the site.	E2p		D
d. The proposed action may result in a reduction or degradation of any habitat used by any species of special concern and conservation need, as listed by New York State or the Federal government.	E2p		
Page 4 of 10	1		

「「「「「「「「」」」」」」」」」」」」」」」」」」」」

e. The proposed action may diminish the capacity of a registered National Natural Landmark to support the biological community it was established to protect.	E3c	D	
f. The proposed action may result in the removal of, or ground disturbance in, any portion of a designated significant natural community. Source:	E2n		
g. The proposed action may substantially interfere with nesting/breeding, foraging, or over-wintering habitat for the predominant species that occupy or use the project site.	E2m		
h. The proposed action requires the conversion of more than 10 acres of forest, grassland or any other regionally or locally important habitat. Habitat type & information source:	E1b		
i. Proposed action (commercial, industrial or recreational projects, only) involves use of herbicides or pesticides.	D2q		
j. Other impacts:			

8. Impact on Agricultural Resources The proposed action may impact agricultural resources. (See Part 1. E.3.a. If "Yes", answer questions a - h. If "No", move on to Section 9.	and b.)	NO	YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may impact soil classified within soil group 1 through 4 of the NYS Land Classification System.	E2c, E3b		
b. The proposed action may sever, cross or otherwise limit access to agricultural land (includes cropland, hayfields, pasture, vineyard, orchard, etc).	E1a, Elb		. ם
c. The proposed action may result in the excavation or compaction of the soil profile of active agricultural land.	E3b	D	
d. The proposed action may irreversibly convert agricultural land to non-agricultural uses, either more than 2.5 acres if located in an Agricultural District, or more than 10 acres if not within an Agricultural District.	E1b, E3a		
e. The proposed action may disrupt or prevent installation of an agricultural land management system.	El a, Elb		
f. The proposed action may result, directly or indirectly, in increased development potential or pressure on farmland.			
g. The proposed project is not consistent with the adopted municipal Farmland Protection Plan.	C2c		「「「」」
h. Other impacts:	in the second seco		4
and 2020. And a

9. Impact on Aesthetic Resources The land use of the proposed action are obviously different from, or are in sharp contrast to, current land use patterns between the proposed project and a scenic or aesthetic resource. (Part 1. E.1.a, E.1.b, E.3.h.) If "Yes", answer questions a - g. If "No", go to Section 10.	I N	o []YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Proposed action may be visible from any officially designated federal, state, or local scenic or aesthetic resource.	E3h		
b. The proposed action may result in the obstruction, elimination or significant screening of one or more officially designated scenic views.	E3h, C2b		
 c. The proposed action may be visible from publicly accessible vantage points: i. Seasonally (e.g., screened by summer foliage, but visible during other seasons) ii. Year round 	E3h		0
 d. The situation or activity in which viewers are engaged while viewing the proposed action is: i. Routine travel by residents, including travel to and from work ii. Recreational or tourism based activities 	E3h E2q, E1c	0	0
e. The proposed action may cause a diminishment of the public enjoyment and appreciation of the designated aesthetic resource.	E3h		
 f. There are similar projects visible within the following distance of the proposed project: 0-1/2 mile ½ -3 mile 3-5 mile 5+ mile 	D1a, E1a, D1f, D1g		
g. Other impacts:			
 10. Impact on Historic and Archeological Resources The proposed action may occur in or adjacent to a historic or archaeological resource. (Part 1. E.3.e, f. and g.) If "Yes", answer questions a - e. If "No", go to Section 11. a. The proposed action may occur wholly or partially within, or substantially contiguous 	Relevant Part I Question(s)	No, or small impact may occur	YES Moderate to large impact may occur
a. The proposed action may occur whony of partially whilin, of substantially contiguous to, any buildings, archaeological site or district which is listed on the National or State Register of Historical Places, or that has been determined by the Commissioner of the NYS Office of Parks, Recreation and Historie Preservation to be eligible for listing on the State Register of Historic Places.	E3e		
b. The proposed action may occur wholly or partially within, or substantially contiguous to, an area designated as sensitive for archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory.	E3f		
c. The proposed action may occur wholly or partially within, or substantially contiguous to, an archaeological site not included on the NY SHPO inventory. Source:	E3g	۵	D

.

d. Other impacts:			-
If any of the above (a-d) are answered "Moderate to large impact may e. occur", continue with the following questions to help support conclusions in Part 3:			
i. The proposed action may result in the destruction or alteration of all or part of the site or property.	E3e, E3g, E3f	۵	
ii. The proposed action may result in the alteration of the property's setting or integrity.	E3e, E3f, E3g, E1a, E1b		
iii. The proposed action may result in the introduction of visual elements which are out of character with the site or property, or may alter its setting.	E3e, E3f, E3g, E3h, C2, C3		
 Impact on Open Space and Recreation The proposed action may result in a loss of recreational opportunities or a reduction of an open space resource as designated in any adopted municipal open space plan. (See Part 1. C.2.c, E.1.c., E.2.q.) If "Yes", answer questions a - e. If "No", go to Section 12. 	V	0]YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
. The proposed action may result in an impairment of natural functions, or "ecosystem services", provided by an undeveloped area, including but not limited to stormwater storage, nutrient cycling, wildlife habitat.	D2e, E1b E2h, E2m, E2o, E2n, E2p		
. The proposed action may result in the loss of a current or future recreational resource.	C2a, E1c, C2c, E2q		
. The proposed action may eliminate open space or recreational resource in an area with few such resources.	C2a, C2c E1c, E2q		
. The proposed action may result in loss of an area now used informally by the community as an open space resource.	C2c, E1c		
. Other impacts:			
2. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) If "Yes", answer questions a - c. If "No", go to Section 13.	Relevant Part I	No, or small	YES Moderate to large
 2. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) If "Yes", answer questions a - c. If "No", go to Section 13. 	Relevant	No, or	Moderate
 2. Impact on Critical Environmental Areas The proposed action may be located within or adjacent to a critical environmental area (CEA). (See Part 1. E.3.d) If Yes", answer questions a - c. If "No", go to Section 13. 	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur

,

to be added by

 Impact on Transportation The proposed action may result in a change to existing transportation systems (See Part 1. D.2.j) 	s. 🗸 N	o 🗌	YES
If "Yes", answer questions a - f. If "No", go to Section 14.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. Projected traffic increase may exceed capacity of existing road network.	D2j		
b. The proposed action may result in the construction of paved parking area for 500 or more vehicles.	D2j		
c. The proposed action will degrade existing transit access.	D2j		
d. The proposed action will degrade existing pedestrian or bicycle accommodations.	D2j		
e. The proposed action may alter the present pattern of movement of people or goods.	D2j	D	
f. Other impacts:			
 14. Impact on Energy The proposed action may cause an increase in the use of any form of energy. (See Part 1. D.2.k) If "Yes", answer questions a - e. If "No", go to Section 15. 	VN	0	YES
If Tes, answer questions a - e. If No, go to section 15.	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action will require a new, or an upgrade to an existing, substation.	D2k		
b. The proposed action will require the creation or extension of an energy transmission or supply system to serve more than 50 single or two-family residences or to serve a commercial or industrial use.	D1f, D1q, D2k		
c. The proposed action may utilize more than 2,500 MWhrs per year of electricity.	D2k		
 The proposed action may involve heating and/or cooling of more than 100,000 square feet of building area when completed. 	D1g		D
e. Other Impacts:			
	2.:		
 15. Impact on Noise, Odor, and Light The proposed action may result in an increase in noise, odors, or outdoor light (See Part 1. D.2.m., n., and o.) If "Yes", answer questions a - f. If "No", go to Section 16.	20.		YES
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action may produce sound above noise levels established by local regulation.	D2m		
b. The proposed action may result in blasting within 1,500 feet of any residence, hospital, school, licensed day care center, or nursing home.	D2m, E1d	D	

.

d. The proposed action may result in light shining onto adjoining properties.	D2n	
e. The proposed action may result in lighting creating sky-glow brighter than existing area conditions.	D2n, Ela	
f. Other impacts:		

.

white a line and

16. Impact on Human Health The proposed action may have an impact on human health from exposure to new or existing sources of contaminants. (See Part 1.D.2.q., E.1. d. f. g. an <i>If "Yes", answer questions a - m. If "No", go to Section 17.</i>	√ N(d h.)	o 🗆	YES
	Relevant Part I Question(s)	No,or small impact may cccur	Moderate to large impact may occur
a. The proposed action is located within 1500 feet of a school, hospital, licensed day care center, group home, nursing home or retirement community.	E1d		
b. The site of the proposed action is currently undergoing remediation.	E1g, E1h	D	
c. There is a completed emergency spill remediation, or a completed environmental site remediation on, or adjacent to, the site of the proposed action.	Elg, Elh	D	
d. The site of the action is subject to an institutional control limiting the use of the property (e.g., easement or deed restriction).	E1g, E1h		
e. The proposed action may affect institutional control measures that were put in place to ensure that the site remains protective of the environment and human health.	Elg, Elh		
f. The proposed action has adequate control measures in place to ensure that future generation, treatment and/or disposal of hazardous wastes will be protective of the environment and human health.	D2t		D
g. The proposed action involves construction or modification of a solid waste management facility.	D2q, E1f		
h. The proposed action may result in the unearthing of solid or hazardous waste.	D2q, E1f		
i. The proposed action may result in an increase in the rate of disposal, or processing, of solid waste.	D2r, D2s		
j. The proposed action may result in excavation or other disturbance within 2000 feet of a site used for the disposal of solid or hazardous waste.	Elf, Elg Elh		
k. The proposed action may result in the migration of explosive gases from a landfill site to adjacent off site structures.	E1f, E1g		
1. The proposed action may result in the release of contaminated leachate from the project site.	D2s, E1f, D2r		
m. Other impacts:	nar - Line - Lin		

17. Consistency with Community Plans The proposed action is not consistent with adopted land use plans. (See Part 1. C.1, C.2. and C.3.)	NO		YES
If "Yes", answer questions a - h. If "No", go to Section 18.			
	Relevant Part I Question(s)	No, or small impact may occur	Moderate to large impact may occur
a. The proposed action's land use components may be different from, or in sharp contrast to, current surrounding land use pattern(s).	C2, C3, D1a E1a, E1b		D
b. The proposed action will cause the permanent population of the city, town or village in which the project is located to grow by more than 5%.	C2		
c. The proposed action is inconsistent with local land use plans or zoning regulations.	C2, C2, C3	D	D
d. The proposed action is inconsistent with any County plans, or other regional land use plans.	C2, C2		
e. The proposed action may cause a change in the density of development that is not supported by existing infrastructure or is distant from existing infrastructure.	C3, D1c, D1d, D1f, D1d, Elb		
f. The proposed action is located in an area characterized by low density development that will require new or expanded public infrastructure.	C4, D2c, D2d D2j		
g. The proposed action may induce secondary development impacts (e.g., residential or commercial development not included in the proposed action)	C2a

Full Environmental Assessment Form Part 3 - Evaluation of the Magnitude and Importance of Project Impacts and Determination of Significance

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

Reasons Supporting This Determination:

To complete this section:

- Identify the impact based on the Part 2 responses and describe its magnitude. Magnitude considers factors such as severity, size or extent of an impact.
- Assess the importance of the impact. Importance relates to the geographic scope, duration, probability of the impact occurring, number of people affected by the impact and any additional environmental consequences if the impact were to occur.
- The assessment should take into consideration any design element or project changes.
- Repeat this process for each Part 2 question where the impact has been identified as potentially moderate to large or where
 there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse
 environmental impact.
- Provide the reason(s) why the impact may, or will not, result in a significant adverse environmental impact
- For Conditional Negative Declarations identify the specific condition(s) imposed that will modify the proposed action so that
 no significant adverse environmental impacts will result.
- Attach additional sheets, as needed.

Adoption of this zoning amendment to include provisions for Animal Services will not have a significant adverse impact on the environment. Individual proposed projects may undergo site specific evaluation by the Planning Board as part of the Site Plan review and/or the Special Use Permit review process if necessary. Site specific SEQR review would occur in conjunction with such project reviews.

Upon review of the information recorded on this EAF, as noted, plus this additional support information

and considering both the magnitude and importance of each identified potential impact, it is the conclusion of the Town of Poughkeepsie Town Board _______ as lead agency that:

A. This project will result in no significant adverse impacts on the environment, and, therefore, an environmental impact statement need not be prepared. Accordingly, this negative declaration is issued.

B. Although this project could have a significant adverse impact on the environment, that impact will be avoided or substantially mitigated because of the following conditions which will be required by the lead agency:

There will, therefore, be no significant adverse impacts from the project as conditioned, and, therefore, this conditioned negative declaration is issued. A conditioned negative declaration may be used only for UNLISTED actions (see 6 NYCRR 617.7(d)).

C. This Project may result in one or more significant adverse impacts on the environment, and an environmental impact statement must be prepared to further assess the impact(s) and possible mitigation and to explore alternatives to avoid or reduce those impacts. Accordingly, this positive declaration is issued.

^{*} Elective Chief Executive Officer means or includes the chief executive officer of a county elected on a county-wide basis or, if there be none, the chairperson of the county legislative body, the mayor of a city or village, or the supervisor of a town where such officer is vested with the power to approve or veto local laws or ordinances.

5. (City local law concerning Charter revision proposed by petition.) I hereby certify that the local law annexed hereto, designated as local law No. ______ of 20_____ of the City of _______ having been submitted to referendum pursuant to the provisions of section (36)(37) of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of such city voting thereon at the (special)(general) election held on ______ 20____, became operative.

6. (County local law concerning adoption of Charter.)

I hereby certify that the local law annexed hereto, designated as local law No.________ of 20______ of the County of _______ State of New York, having been submitted to the electors at the General Election of November _______ 20_____, pursuant to subdivisions 5 and 7 of section 33 of the Municipal Home Rule Law, and having received the affirmative vote of a majority of the qualified electors of the cities of said county as a unit and a majority of the qualified electors of the towns of said county considered as a unit voting at said general election, became operative.

(If any other authorized form of final adoption has been followed, please provide an appropriate certification.) I further certify that I have compared the preceding local law with the original on file in this office and that the same is a correct transcript therefrom and of the whole of such original local law, and was finally adopted in the manner indicated in paragraph <u>1</u> above.

Clerk of the county legislative body, City, Town or Village Clerk or officer designated by local legislative body
