Important News Update

Hi to all,

As everyone has predicted, this week has seen substantial increases in people being diagnosed with the virus. We have been staying home to try to flatten the infection curve which will give hospitals and healthcare workers time to prepare for serious cases.

My recommendation is to “Act as if you have the Virus”. If you have a fever or cough, stay home, self-quarantine and call your doctor. If you have to go out, practice your social distancing of 6 feet, wash your hands often, wipe your phone and avoid touching your face.

Enjoy your time at home. Catch up on your reading or stream some movies. Call your family members or check on your neighbors.

Lakeshore Recycling and Waste Hauling update: To protect the health of the drivers, LRS has instituted several changes for now.

1. Limit the amount of trash and recycling to what fits in the containers so the drivers can empty the cans without touching the trash.
2. No big and bulky items will be picked up – no furniture, mattresses, white goods, electronics or landscape materials..
3. If a driver shortage occurs, or possibly a closure of recycling sorting centers, the drivers will pick up both trash and recycling cans with the same truck.

We have also closed the play ground equipment for as long as the “Stay at Home” order is in effect.

Please let me know if you have questions, concerns or comments. Stay Well!

Sincerely,

Bud Rothing  
Bannockburn Village President  
773-255-9137

## **LakeShore Recycling Information for COVID-19**

Changes to service during the coronavirus crisis. LRS has changed the list of items they will be collecting to protect the safety of the drivers.
