BANNOCKBURN BYLINE

Important News Update

Dear Bannockburn Residents,

We are staying home to try to flatten the infection curve which will give hospitals and healthcare workers time to prepare for serious cases. It appears that this initiative is working but we must continue for a few more weeks. We are a beautiful community that many people like to walk or jog through so we need to continue social distancing along our roads and paths.

Don't panic; things will get better – you are part of the community and you can do your part in keeping everyone safe by wearing a face mask and staying 6' away from anybody...10' is even better. No parties, play days or any group events.

Watch out for IRS SCAMS. The IRS will NEVER call you and ask for your bank information to deposit your government check. It's a SCAM.

The Village Hall will remain closed with the Staff working from home. Staff is available on-line. Please email them or leave a voicemail and they will get back you as soon as possible.

Now it's time for some smiles...

- 1). "Mom told me that I'd never amount to anything lying on the couch. Yet, here I am saving the world."
- 2). "I feel like I'm 16 again. Gas is cheap and I'm grounded."
- 3) "I hope the firefighters are ready. Some of these people haven't cooked a day in their lives."

Special thanks to all first responders, healthcare and grocery workers that are on the front line of this virus every day.

Please let me know if you have questions, concerns or comments.

Sincerely,
Bud Rothing
Bannockburn Village President
773-255-9137

CDC Recommends Wearing a Mask in Public

The CDC is recommending wearing a mask while in public. Wearing a mask in conjunction with social distancing is an additional defense for prevention. This is especially important in settings like groceries stores, gas station and other public area. Check out the pattern and info on how to make a mask.
