

Residential Curbside Garbage Collection Billing Policy
Revision 12-9-2019

At the **Village Board Meeting, December 9, 2019** the following policy revision was approved: All new residential properties (single family, two family, three family or four family residential dwelling located within the legal boundary limits of the Village) shall be invoiced for the first year of curbside garbage pickup. The amount invoiced shall be prorated for the remainder of the calendar year commencing the first full month of occupancy through December at the current Village of Belgium billing rate for curbside garbage pickup. The invoice must be paid in full prior to receiving delivery of roll out carts. New property owners shall not be issued a recycle center access card until payment of curbside garbage pickup is received. Thereafter the property owner will be assessed the annual curbside garbage fee on their property taxes.

This revised policy supersedes Residential Curbside Garbage Collection Billing Policy approved November 20, 2018.
