Motorists in New Jersey and throughout the nation are asked to join a day-long effort on October 10, 2016, designed to increase awareness about safe driving behaviors and keep the State's roadways fatality free for one-day.

Known as Put the Brakes on Fatalities Day, the national initiative was designed to unite the country in moving toward zero fatalities for one full day by encouraging motorists to obey all traffic laws, including buckling up, every ride; driving the posted speed limit; avoiding distractions while driving; and always being safe and sober behind the wheel. Our goal is to experience a day when all roadway users are extra vigilant and there are no fatalities on our roadways.

To support this effort, Hillsborough Township issued a proclamation at Tuesday's Township Committee meeting.
