

Township Officials help Hillsborough Students “Read Across America”

Release Date: March 13, 2009

Township Committee members Gloria McCauley and Carl Suraci joined Police Chief Paul Kaminsky and other community leaders at Triangle & Amsterdam Elementary Schools to help celebrate the Nation-wide Read Across America Day, which promotes reading and adult

involvement in students' education by honoring Dr. Seuss.

Students were greeted by The Cat in the Hat upon entering the building and were treated to a special day, focused on the joy of reading, as the various community members and former students shared their love of reading to all of the classes.

“It was a pleasure to participate in the Dr. Seuss Read Across America Day. The

students seemed to thoroughly enjoy the books and it was definitely a fun event which reinforced the joy and importance of reading,” stated Committeeman Carl Suraci.

“What a great opportunity to interact with the students and show them that reading is fun and important no matter your age or position in life. The children seemed to enjoy hearing the different readers and the whole concept is a great way to engage students and teach them the joys of reading,” added Committeewoman Gloria McCauley.

Triangle & Amsterdam Elementary Schools were just one of the many schools nationwide to participate in the Read Across America Program.
