Hillsborough –Restoration after the Hurricane

Hillsborough has Weathered the Storm

Mayor McCauley has commended Hillsborough's Office of Emergency Management (OEM), the Police Department, Fire Companies, Rescue Squad, the Department of Public Works, Social Services and the Health Department for their great work and dedication throughout Hurricane Irene.

Hillsborough Township experienced heavy rains, flooding, impassable roads, downed trees, high winds and power outages. The road closures and power outages are still continuing.

The Department of Public Works, Social Services and the Health Department are in place to assist after the storm. Power has been restored to the Municipal Building and it will be open tomorrow, Tuesday August 30. The Township Auten Road dump will be open for disposal of tree limbs and brush from 7 AM to 7 PM Tuesday through Saturday this week.

Please be advised that "911" is reserved for Emergencies Only. For non-emergencies, please dial 369-4323 extension 0.

For road closure updates please listen to Shadow Traffic, 1610 on the AM Radio channel or refer to www.hillsboroughoem.org.

NJ American Water asks that all customers conserve water. Water quality has not been affected at this time.

Many areas throughout the Township have no power. JPC&L and PSE&G are aware and are working as best as they can to restore power. For inquiries call PSE&G Customer Service at 1-800-436-PSEG.

Do not go around or move road closure barricades.

Please have PATIENCE
