

**MINUTES OF PUBLIC HEARING ON AN ORDINANCE MODIFYING THE
ALTERNATE METHOD FOR MEETING PARKING REQUIREMENTS IN WEST
HARTFORD CENTER**

September 8, 1998

Council Chambers

1100

President Rob Bouvier called the hearing to order at 7:00 p.m.

Present were Councilors Holly Abery-Wetstone, Rob Bouvier, Kevin Connors, Liz Gillette, Patrick McCabe, Jim O'Brien, John Shulansky and Al Turco. Councilor Carl Donatelli was absent.

President Bouvier: Is there a presentation from the administration?

Mr. Feldman: Mr. Mayor, you have an ordinance for consideration tonight that currently requires that parking be no more than three hundred feet from the principle use. What the ordinance change does is it amends that three hundred feet to one thousand feet in the Central Business District zone and five hundred feet in all other commercial/industrial areas so the change again is parking distance from principle use currently three hundred feet. The proposed change would extend that to one thousand feet in the Central Business District area, five hundred feet in all commercial/industrial areas.

President Bouvier: Thank you, Mr. Feldman. Any questions of the administration? If not, I will close the public hearing.

The hearing adjourned at 7:03 p.m.
