\$1,950,000 AND AUTHORIZING THE ISSUE OF \$1,950,000 BONDS OF
THE TOWN TO MEET SAID APPROPRIATIONS AND PENDING THE ISSUE
THEREOF THE MAKING OF TEMPORARY BORROWINGS FOR SUCH PURPOSE
AND DECLARING THE TOWN'S OFFICIAL INTENT TO REIMBURSE
EXPENDITURES FROM SUCH BORROWINGS

April 5, 1994

Council Chambers

President Sandy F. Klebanoff called the hearing to order at 7:00 p.m.

Present were Councilors Robert Bouvier, Owen Eagan, Sandy F. Klebanoff, Charles R. Matties, Patrick McCabe, Madeline S. McKernan, Larry Price, Andy Schatz and Alfred Turco.

President Klebanoff: Mr. Feldman, does the administration have presentation?

Barry M. Feldman, Town Manager: Madam Mayor, very brief. Before you is an ordinance that you are conducting a public hearing on that would authorize the town to sell \$1,950,000 in bonds that would be used to finance the following projects that are identified in the ordinance that you have before you but let me just quickly read what those projects are. Smith School renovations, those funds would be used to hire an architect to design the renovations for Smith School. There is a boiler replacement program that the schools have been carrying out for a number of years; portable classrooms. I believe it is the Superintendent and subsequently the Board's desire to purchase additional portables and these funds would be used to do that. There are stage renovations that I believe that are planned for at least Hall High School and perhaps other schools as well. Also, there is the category that deals with additional code updates, asbestos removal from school buildings, reroofing, classroom furniture and various other classroom renovation projects that the Board has ongoing right now. These projects were identified and subsequently approved by the Town Council in the current year 1993-94 CIP. These projects are now ready for construction and there should be minimal delay from the point that hopefully you approve this on Thursday night and the Board is then fairly, quickly after that ready to start work on this list of improvements.

President Klebanoff: Thank you, Mr. Feldman. Are there questions from the Council? Mrs. McKernan.

Councilor McKernan: Mr. Feldman, do any of these get money back from the State?

Mr. Feldman: Madam Mayor, Mrs. McKernan, I believe so. I

think there is code projects, I am looking at Ron Van Winkle, yes there are certain projects that we would be reimbursed by the State, code projects particularly.

President Klebanoff: Are there further questions? Mr. McCabe, do we have a sign up sheet?

Councilor McCabe: Not for the bond ordinance.

President Klebanoff: Is there anyone here this evening who wishes to address the Council on the bond ordinance? If not, I will adjourn the public hearing.

The hearing adjourned at 7:10 p.m.

Nan L. Glass
Clerk of the Council
